

ADMINISTRATORS' CONFERENCE #31

April 12-13, 2011
(16 P.O.S.T. Credit Hours)

Tuesday, April 12th - ECD Liability Trends

WLEA Special Programs Manager James Marker, Senior Assistant Attorney General Tory Racines, and IPICD Chief Learning Officer Dr. John Peters will present the trends in Electronic Control Device liability facing law enforcement today. Topics covered include:

- Landmark cases which influenced Taser International's Training bulletin 15 and its effect on agency policy.
- Legal cases on a national level as well as the 10th Circuit's recent guidance for the use of ECDs.
- Use of force and the ECD.
- Suggestions on ECD policy and deployment.
- Legal issues surrounding ECD training injuries.
- Tips on preparing your agency in the event of an in-custody death associated with the use of an ECD.

Wednesday, April 13th - Social Media and Law Enforcement

Lauri Stevens is an interactive media professional with over 25 years of media experience and is the founder and principal consultant with LAWS Communications. LAWS Communications has been providing web design and interactive media advice to law enforcement since 2005. Lauri offers media expertise at all levels, traditional and interactive and specializes in offering consultative services in the world of the interactive web to law enforcement agencies. Topics covered include:

- Web 2.0 and Open Source communication technologies that are available today allow organizations to efficiently gather and distribute information like never before.
- Using the new social media technologies.
- Making sense of the tools available for helping your agency craft a plan and social media policy as well as provide the training needed to get your organization running.
- Help for law enforcement organizations not only understand why your organization should take advantage of Web 2.0 technologies, but also how to leverage these vast resources.
- Agencies that are effectively using these tools are shrinking their communities, improving communication with citizens and enhancing their reputations through the transparency provided.
- Agencies are developing sophisticated methods for investigation, crime solving and prevention.
