Training Report

TRICOM

CPAG Briefing

Chaplains Conference – Jeremi

Coroner's still online for now

Given the small class sizes, it is more effective to do the online self-paced training

WLEA has received positive feedback re: the online course

45 ammo is back in stock, unfortunately it is extremely expensive

Option remains for students to borrow a 9mm, if agencies would rather pay less for the 9mm ammo

JTA

Recap

Purpose of the JTA is to create a defensible curriculum

Out of all 272, 114 were determined to be the academy's responsibility

Additions

Identify homosexual panic

Duty to intervene, specifically re misuse of social media (garcetti rule – freedom of speech)

Physical activities

Maintain key control

Transport vehicle searches

Hospital security

Narcan

Baton

Tourniquet

Overall, 13 new tasks/objectives

Removals

3 topics

Fire procedures

Ice

Courtroom testimony

Emergency Medical Assistance

Identified as training that should be completed at the academy

Agree that training related to overdose & alcohol would be helpful

Not necessarily more uncommon issues like broken bones

Many agencies already do CPR – do we add the 8 hours of medical to DOB? Or do the agencies certify that they have completed the training?

It would be less of an administrative headache to have it be a mandatory basic class

Students are being brought back on campus because test scores were lower for students who had to work during the 2 weeks of online training

Vote for 8 hours cpr first aid to be included as mandatory basic trainin

Motion – bakken

Second – jeremi

All aye none opposed

JTA consultant also provided a Wyoming-wide Detention Officer job description

Timeline

Likely will take through 2023 to update curriculum

Want to increase 14% performance activities

With 3 DOBs per year, that limits how long each basic can be

2 votes for more overtime within the compressed 6 or 8 week schedule

Next meeting – 29 September

Motion to adjourn – jeremi

Second – bakken
